

Name: Alessandra Guasto

City: Paris

Date of birth: 30/10/1993

Email: alessandra.guasto@institutimagine.org

Twitter handle:

Studies: Medical biotechnologies/genetics

Specialization: bone
physiopathology/genetics

Short bio:

Born in Siracusa, Italy in 1993

- **2015:** Bachelor of Science Degree in Biotechnology (University of Milano-Bicocca).
- **2017:** Master of Science Degree in Medical Biotechnology (University of Milano-Bicocca).
- **2017:** Master of Science Degree-Double Degree in Genetics (University of Paris Diderot-Paris 7).
- **Present:** PhD student at Imagine Institute (Paris), "Laboratory of Molecular and Physiopathologic bases of osteochondrodysplasia"

What do you expect from this training?

- Increase my knowledge about bone biology and the cutting edge technologies
- Look for suggestions and ideas to conclude and improve my PhD project
- Develop my scientific networks

Bonus question: What motivates you to get out of bed in the morning?

- The hope that experiments will work better than the day before
- Coffee
